## **EXTENSION OF TEMPORARY SCHOOL CLOSURE**

Dear Etiwanda Parents and Guardians,

To protect the health of students and staff members, and to slow the spread of COVID-19 in our community, the Etiwanda School District is extending the temporary school closure period through Friday, May 1, 2020. All school districts in San Bernardino County will be moving to this same closure period. This decision is supported by the San Bernardino County Department of Public Health, along with the San Bernardino County Superintendent of Schools Office. This amended date will be evaluated as updated information becomes available in hope for student return on May 4, 2020.

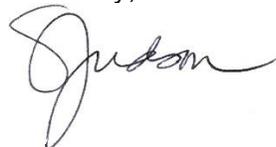

During this difficult time, it is critical that we do our part to “flatten the curve” of COVID-19 transmission by honoring the recommendations issued by federal, state, and local officials, primarily by practicing social distancing, avoiding public places, and limiting contact with others to prevent the spread of this virus.

I want to thank you for your patience and support as your family begins to adapt to distance learning. We understand this extended closure has significant ramifications for students and families, but I want to assure you that we are committed to providing instruction, stability and support for our school community. After Spring Break, please continue to check in with your child’s teacher regularly, and work to ensure your child participates in the remote lessons that will continue their learning and growth.

Regular updates will be provided to our families on new developments throughout the school closure phase. Together we will navigate this historic situation successfully.

I hope you find time during the week of Spring Break to take care of yourselves and your families and find comfort in the remarkable ways our community and country are uniting to support one another.

Sincerely,

Shawn Judson, Ed.D.  
Superintendent
