School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Falcon Ridge recently opened its doors on August 7, 2017, as the 17th school in the Etiwanda School District. Our focus has been on establishing a rich learning environment for all students providing access to a rigorous core curriculum in language arts, mathematics, science and social science. We have a strong literacy plan focused on guided reading in place to assure that all students are proficient readers before they leave Falcon Ridge at the end of 5th grade. Our student-centered program design offers caring teachers who possess strong professional concern for all students at all ability levels; multiple programs to support developing learners; and culturally-diverse, mixed-ability classrooms where students feel comfortable engaging in learning from the teacher and one another. Parents and the community play a very important role in the school. Falcon Ridge is establishing a culture where parents feel confident that their students are receiving a well-rounded educational experience in a safe and welcoming environment and students feel safe and happy coming to school to learn. Communicating about the school's educational program, student achievement, and curriculum development can assist both school and community in ongoing program improvement.

Our school motto, Love of Learning is the Guide of Life, is borrowed from Phi Beta Kappa Society which is a widely recognized and prestigious honor society at colleges throughout the United States. The Greek letters Phi Beta Kappa translate to mean "love of learning is the guide of life." The honor society promotes and advocates excellence in liberal arts and sciences and recognizes model students who demonstrate qualities important to learning.

At Falcon Ridge, we want all children to LOVE learning and develop a passion for discovery that will last forever. Children are naturally curious and intrigued by the world they live in; we hope to foster these instincts and encourage them to be engaged in their education now and in the future. We will teach children the standards and subject matter they are required to know, but we also intend to offer a series of opportunities for them to have great "aha" moments while they are in school to spark their imaginations, create deeper thinking about learning, and to put them at the controls of their own education for a lifetime. It is important for young people to get good grades and take initiative towards academic achievement, however instilling a love of learning is a gift they will have for a lifetime. At Falcon Ridge we will make this a reality.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2015-16	2016-17	2017-18	2017-18
With Full Credential	N/A	N/A	35	660
Without Full Credential	N/A	N/A	1	8
Teaching Outside Subject Area of Competence (with full credential)	N/A	N/A	0	0

Teacher Misassignments and Vacant Teacher Positions

Indicator	2015-16	2016-17	2017-18
Misassignments of Teachers of English Learners	N/A	N/A	0
Total Teacher Misassignments *	N/A	N/A	0
Vacant Teacher Positions	N/A	N/A	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: September 2015

All textbooks used in the core curriculum throughout the Etiwanda School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state's adoption.

On September 28, 2017, the Etiwanda School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 1718-24 which certifies as required by Education Code §60119 (1) that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) that sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, and (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes. Prior to adoption, parents may preview recommended instructional materials at the district office for a period of 30 days.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	64	68	48	48
Mathematics (grades 3-8 and 11)	N/A	N/A	55	58	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	N/A			

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	N/A			

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	N/A	N/A	79	80	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parental Involvement is a priority outlined by the state in the Local Control Accountability Plan and is extremely valued at Falcon Ridge Elementary and in the Etiwanda School District. The district holds community forums two times a year to offer parents a chance to be informed about the LCAP and to engage parents in giving feedback about our schools and district to our leaders. This year's first forum allowed district and site administrators to share the current plan to meet the priorities of the LCAP with parents and to answer questions that parents may have. At the end of the forum, parents were asked to give feedback about what they learned as well as share what they would like to see the district implement to meet our LCAP goals. Administration actively invited parents from Falcon Ridge to participate in this event. At Back to School Night in the beginning of August, parents were given the opportunity to provide feedback for the direction of the district and school sites in the form of a parent survey. All parents were encouraged to participate in the survey process. This survey is used to address concerns and to implement new programs for our school.

One of the most important parts of opening a new school is building a community where everyone feels valued and welcome. To do so, we began building this culture at the end of last school year with a meet and greet ice cream social for all of our parents and students. We followed that up with a welcome barbeque once we took actual physical possession of the school. Families came to tour the site and socialize with other families who attend Falcon Ridge. We held our Back to School Night the Friday before school began to allow students to meet their teachers and once again familiarize themselves with the campus. Our big day came as we did our schools official dedication ceremony on November 3, 2017. Families and community members came to support the opening of the school and to dedicate the school to the students and families of Falcon Ridge. Falcon Ridge has other opportunities for parents to be involved in the school community including a Fall Festival, Open House, student performances, award ceremonies, parent education nights, PTO, School Site Council, GATE advisory committee, volunteering in classrooms and on field trips, and in 2018 WATCH D.O.G.S. will begin. Parents who would like to get more involved or volunteer their time may contact the school secretary or clerk at (909) 463-6111. School to home communication takes place in a variety of forms. General information about the school is communicated through the website (www.etiwanda.org/falconridge), flyers, automated telephone system, classroom newsletters, and parent conferences. Aeries Parent Portal is available for parents to view the most current progress of their child's grades. Ongoing assessment data is shared with parents throughout the year to allow parents to monitor progress. Involving parents in their children's education is critical to the success of the growth and development at Falcon Ridge.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

The Comprehensive School Site Safety Plan was originally developed for Falcon Ridge Elementary School in collaboration with local agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. Falcon Ridge's most current school safety plan was created in October 2017 and shared with school staff in November 2016. School Site Council will review and recommend edits and/or approval on December 13, 2017.
